

How Do I Get Involved?

There are two ways to get involved on AYC:

Become involved as a youth council member or youth board representative in one of the 117 local friendship centres in Canada. *(more will be coming on how to be a youth council member and youth board representative)*

As a local youth representative you have the right to represent your centre at provincial or regional meetings. The only exceptions to this are those centres in the eastern provinces of Newfoundland and Labrador, New Brunswick, and Nova Scotia.
